

COLLEGE OF ENGINEERING AND PHYSICAL SCIENCES

INTENT TO MINOR FORM

The student is to complete this form as early as possible in the academic career. A list of approved minors is available at each college dean's office.

A minor usually consists of 20 or more semester hours of credit with a grade of C- or better and a 2.00 grade point average in courses that the minor department approves. Courses taken on a Pass/Fail basis may not be used for a minor. No more than 8.0 credits used by the student to satisfy major requirements may be used for the minor.

The student must have the Intent to Minor approved by his/her major adviser and by the minor supervisor. The student will then present this completed form to his/her college dean for approval. *The minor will appear on the student's academic record when all the necessary courses have been successfully completed.*

NAME: Nitschelm, Charlie SSN: _____
(last name first)

Local Address: 30 Coe Drive, Durham NH 03824

College & Major: CEPS, ME Intended Graduation: May 2020
Month (Sep, Dec, or May) Year

MINOR: Physics

PROPOSED COURSES FOR MINOR:

Dept. Name	Course Number	Course Title	Credit Hours
PHYS	405 407	General Physics 1	4
PHYS	407 408	General Physics 2	4
PHYS	405/406	Intro to Astronomy	4
PHYS	615	Mechanics/Mathematical Physics I	4
PHYS	505	General Physics 3	4
