

Professor Krzanowski,

My name is Charlie Nitschelm, an ME major at UNH. This upcoming summer, I would like to participate in the undergraduate research award through the Hamel Center. I am interested in thermodynamics and feel that you would be an excellent mentor for me given your background. This past summer I researched with Dr. Mark McConnell and he could attest to my work ethic, behavior in the workplace and charming personality! If you do have any openings for research assistants over the summer, please do not hesitate to contact me and set up a meeting.

Regards,

Charlie Nitschelm
